

Work of Heart

Please send an email to workofheart@catholicfoundation.com and recognize that special St. Patrick School employee for doing an outstanding job.

Let's send a wonderful Christmas present this year and see how many school employees we can get nominated for the WORK OF HEART award. There are truly so many people at this wonderful school who go out of their way in big and small ways to help us:

- ✍ Maybe it can be one of the wonderful teachers who go beyond when the bell rings at the end of the day....because their day is not even close to being over.
- ✍ Or maybe you might want to thank the kitchen staff who prepare such wonderful meals.
- ✍ How about the library staff who keep the books and research materials updated and organized.
- ✍ Or possibly you might want to thank the wonderful office staff who handle the everyday running of the school so seemingly effortlessly and never run out of icepacks or bandaids.
- ✍ And please do not forget our wonderful maintenance staff and custodial staff who keep the school in such a clean and working order.

Please let other parents or your room mothers know who you are nominating so that we can get more letters sent in.

All it takes is a ONE-PAGE nomination letter or email to be received before **December 20**, including your name and relation to the nominee.
